`\usepackage[authordate,...]{biblatex-chicago}`

- Author and year in parentheses, with no comma: (Knuth and Plass 1981).
- Given names in full: Knuth, Donald E., and Michael F. Plass. Article titles are in quotation marks; book and journal titles are italic.

In references.bib: type titles in title case, with braces around names and acronyms (`{NumPy}`), and journal names in full. This style prints titles in title case, as you type them.

Special Instructions: `\cite` omits the parentheses, so use `\autocite` for a citation in parentheses; when the authors are part of the sentence, use `\textcite`: "Knuth and Plass (1981) showed".
